

BACKED BY SMALL BUSINESS AGILITY TRUSTED THROUGH GOVERNMENT CONTRACTING

For decades, our U.S.-manufactured capital equipment has supported healthcare facilities across the nation, including the Veterans Administration and federal government agencies. As a trusted government supplier, we are committed to delivering durable, high-quality solutions that meet the rigorous demands of patient care environments while supporting domestic manufacturing and dependable supply chains.

With several established government contract numbers, we make procurement simple and efficient for federal, state, and local agencies, as well as organizations seeking streamlined purchasing solutions. Our customers benefit from the personalized service and flexibility of a small business, combined with the reliability, compliance, and proven performance required for government and institutional purchasing.

Choosing Graham-Field means supporting American manufacturing while gaining a trusted partner committed to innovation, service, and long-term value.

Having partnered with the VA for over 20 years now, many of our products can be found in the various areas of care in each facility such as:

- Out-Patient Clinic
- In-Patient Dialysis & IV Infusion
- Rehabilitation - PT & OT
- Prosthetics – Home Based Primary Care
- Safe Patient Handling
- Environmental Services
- Maintenance / BioMed

OUR COMPREHENSIVE PRODUCT SOLUTIONS ON CONTRACT

At the heart of everything we do is a commitment to those who have served our nation. We value our partnership with the Department of Veterans Affairs and are proud to provide high-quality, American-made healthcare products and capital equipment that support the delivery of exceptional care to our veterans.

Together, we can create safer, more comfortable healing environments while honoring the service and sacrifice of those who have given so much. We look forward to continuing our partnership in advancing the health, dignity, and well-being of America's veterans.

“Serving Those Who Served — Together.”
